Frontend developer

I'm a self-motivated and detail-oriented individual who is passionate about creating user-friendly and aesthetically pleasing web applications. I have a strong understanding of web standards and best practices, and I'm always looking for ways to improve my skills and knowledge. I have a passion for problem-solving and I enjoy finding creative solutions to complex problems.

WORK EXPERIENCE

Nigeria Police Academy Wudil • Nigeria 01/2024 - 02/2024

Web developer

- Worked with a colleague to create a library/ebook website for the Nigeria Police Academy. Making it simple for users to find the books they were looking for. Ensuring that the website was efficient and reliable.
- The website was optimized to improve customer engagement and increase awareness of the publisher's content, resulting in a 60% increase in ebook downloads.

The Shepherd Organization • Nigeria 12/2023 - 01/2024

Web developer

- Demonstrated resilience and adaptability when faced with initial challenges in the project. Overcame complications by conducting thorough research and implementing appropriate SEO, DNS, and SSL strategies to ensure a seamless user experience and secure website operations. This experience resulted in the successful completion of the project and a positive learning opportunity for future endeavors.
- I was opportune to develop the user interface (UI) of the website. Had a great experience during the time of developing the website.

Independent Contractor • Nigeria 09/2023 - 09/2023

Frontend developer

- Worked with a client to redesign their website using semantic layout and SEO best practices. The client was extremely pleased with the results, and I was able to deliver a product that exceeded their expectations.
- Translated visual designs from Photoshop to HTML and CSS while collaborating with designers to ensure a seamless and enjoyable online experience for users, preserving the original design vision.
